

Gardening Gloves

Soft but strong gloves, easy to clean.

Gloves can serve to protect and comfort the hands of the wearer against cold or heat, physical damage by friction, abrasion or chemicals, and disease; or in turn to provide a guard for what a bare hand should not touch.

CLICK TO ORDER

Oak Tree

A strong tree that will make your neighbors envious.

Oaks have spirally arranged leaves, with a lobed margin in many species; some have serrated leaves or entire leaves with a smooth margin. The flowers are catkins, produced in spring. The fruit is a nut called an acorn, borne in a cup-like structure.
